

# Achieving Excellent Outcomes in Sheriff Hill

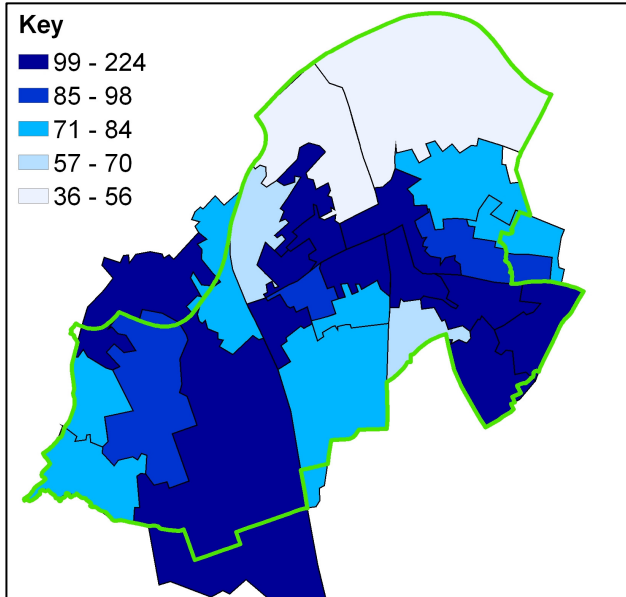

## Children and Young People

# Children and Young People

## Children and Young People

### Children Aged 0-4

Number of children aged 0-4  
(Gateshead quintiles)

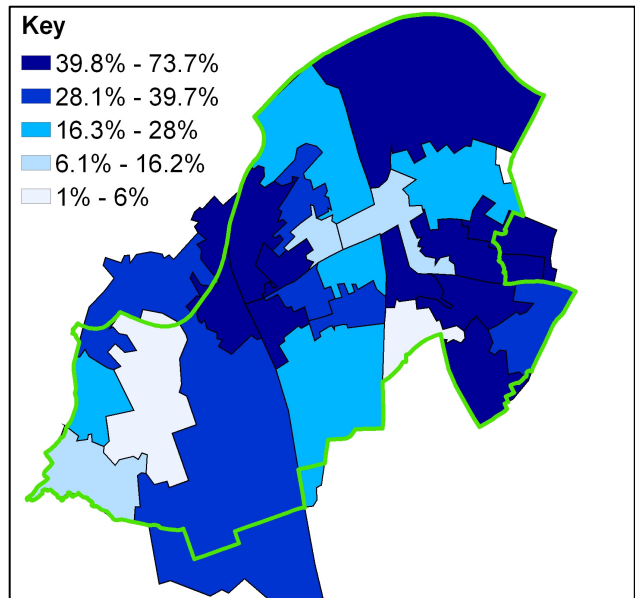

This map uses the number of children aged 0-4 for whom child benefit is claimed as a proxy indicator to update the Census 2001 figure for the total population aged 0-4 in Lower Layer Super Output Area's (LLSOA's).

(Source: Department for Work and Pensions – Apr 2006)

### Children Aged 0-4 in Households Dependent on Workless Benefits

This map shows the proportion of children aged 0-4 in households that are dependent upon workless benefits including Income Support, Jobseekers Allowance, Incapacity Benefit, Severe Disablement Allowance and Pension Credit.

(Source: Department for Work and Pensions – Apr 2006)

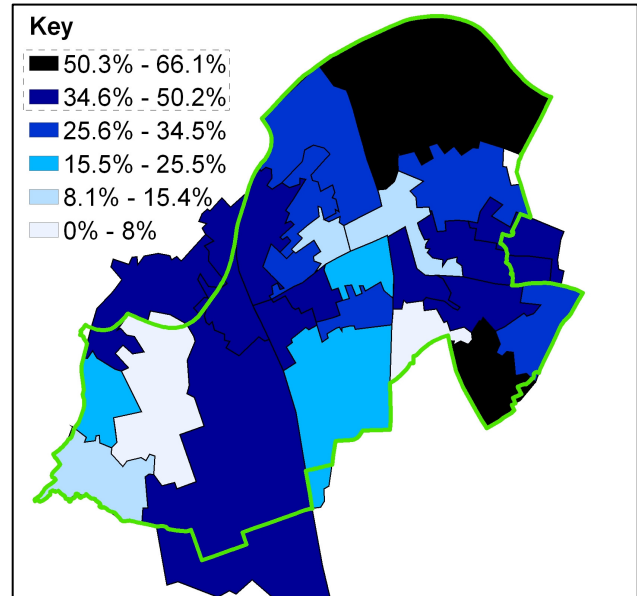

% of children aged 0-4 in households dependent on workless benefits (Gateshead quintiles)

## Children Aged 0-15 in Households Dependent on Workless Benefits

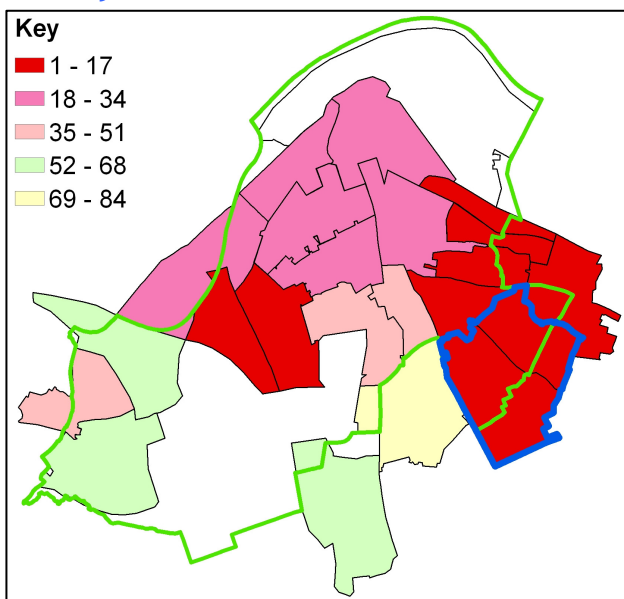

This map shows the proportion of children aged 0-15 in households that are dependent upon workless benefits including Income Support, Jobseekers Allowance, Incapacity Benefit, Severe Disablement Allowance and Pension Credit.

(Source: Department for Work and Pensions - Apr 2007)

% of children aged 0-15 in households dependent on workless benefits (Gateshead quintiles)

## Vitality Index Education Domain

Vitality Index Education Domain (Gateshead quintiles)

The Gateshead Vitality Index Education domain uses Key Stage 2, 3 and 4 attainment indicators to show relative performance for each neighbourhood in Gateshead.

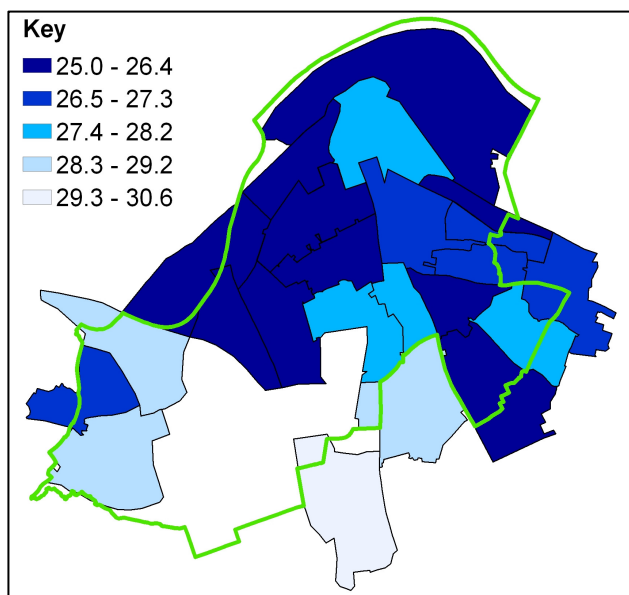

Both of the neighbourhoods in Sheriff Hill are within the lowest performing 20% in Gateshead as measured by the Vitality Index Education domain indicators (20% equates to 17 neighbourhoods in Gateshead).

(Source: Gateshead Vitality Index - 2006)

## Educational Attainment

School Achievement and Attainment tables are published annually by the Department for Children, Schools & Families (DCSF). This profile presents this information in a different way, looking at attainment across the Key Stages of the National Curriculum in relation to where pupils live. The attainment data is calculated using a five year average from 2002 to 2006 to overcome the effect of small pupil numbers at a neighbourhood level. Where necessary, geographic units containing data on less than 5 individuals have been excluded to prevent disclosure.

## KS2 Results Average Point Score (5 year average)

KS2 average point scores  
(Gateshead quintiles)

This average point score is calculated by dividing the total number of points across all subjects achieved by pupils in a neighbourhood by the total number of pupils in that neighbourhood.

N.B. Gateshead data aggregated from 2002 to 2006/England Average is 2006 only
